

Globachem – Internship

Would you like to contribute to Globachem’s mission as a student (secondary or higher education)? Great! In our FRAMILY, there is regularly an internship available for new talent. Our various departments are happy to welcome you.

How does your internship work?

As an intern at Globachem, you will immediately get a place in our team. At the start of your internship, you will get all the general info about our ambitious family company and you will also be involved in general business. We let you actively participate in our organisation so that the end of your internship at Globachem is the beginning of an exciting career!

Types of internships

- **IT:** e.g., IT support engineer
- **Finance:** e.g., Accountancy & Taxation
- **Supply Chain:** e.g., Transport & Logistics
- **R&D:** Laboratory and greenhouse assistant, project assistant

We review each internship application individually. Is your course not listed? Then do not hesitate to contact us so that we can look at the possibilities together. Would you rather see how an internship day works at Globachem? Our interns will be happy to tell you about their experiences!

A company with a great future

Globachem offers you a responsible and exciting position in a financially sound family business with international scope. You can grow with the organization, build up expertise and shape your own career. You will be part of an enthusiastic and ambitious team. You can count on an attractive remuneration package including a bonus program.
